

Your RRIF at Death

A Family Story About Retirement Income, Taxes, and Planning

What This Session Is About

Ana attended a Fraternal Benefit Event expecting a general discussion about retirement. What she learned about her mother's RRIF changed how her family thought about income, taxes, and protecting what they had worked a lifetime to build.

This short, educational session walks through Ana's story and highlights planning considerations many families don't realize until it's too late.
